

# NEW CAMP DIRECTOR WORKSHOP

## *Workshop Learner Outcomes*

**Examine the Camp Director's leadership role at camp.**

**Learn how to lead other professionals for the first time.**

**Gather resources to train your staff for summer programs.**

**Engage staff in designing, implementing, and evaluating curricula intentionally aimed at improving youth across all age groups.**

**Examine the camp's mission and philosophy and determine the optimal overall program design.**

**Discuss the different locations of camps — indoors, outdoors, urban, rural, and providing a quality experience.**

**Determine training goals and assess participant needs to incorporate into plans for orientation, pre-camp and inservice training.**

**Discuss ways you can be more active in the professional camp community.**

**Connect with others in your field and develop a network of colleagues.**

**Discuss the evaluation process and implementation in your program.**

**Analyze and respond to developments that may affect the Health and Wellness of the camp community. (i.e. COVID, disease prevention, Bed Bugs, H1N1, Norovirus etc.).**

**Obtain resources to develop a Risk Management Plan**

**Learn key elements to address in training staff in Child Abuse Prevention.**

**Analyze risks within your organization.**

**Identify resources to help reduce risk and mitigate loss.**

**Interpret key concepts and terms associated with risk management.**

**Know where to find the information to comply with employment laws, exemptions and other legal policies and procedures for your state.**

**Learn more about managing a physical site. Topic's such as supervising staff, evaluating, prioritizing, and planning for immediate and future facility needs.**

**Learn more about managing a physical site. Topic's such as supervising staff, evaluating, prioritizing, and planning for immediate and future facility needs.**

**Learn more about managing a physical site. Topic's such as supervising staff, evaluating, prioritizing, and planning for immediate and future facility needs.**

**If time allows topics of transportation, nature-based learning, marketing, finances are added in breakout sessions.**
