

2025 New England Camp Conference Sponsorship Opportunities

March 27 - 29, 2025, Manchester, NH

Thank you for your interest in being a sponsor our annual New England Camp Conference!

In addition to having access to more than 800 attendees from 250+ New England camps, as a sponsor, you'll have increased brand exposure with participants.

Please note: Sponsorship levels are in addition to the price of your booth and generally, all sponsors have a booth in the hall, unless otherwise arranged.

Below are sample sponsorship opportunities, but we are open to customizing something for your business!

Reach out to kerry@acanewengland.org to discuss.

**If you're interested in sponsoring a reception or networking event or a conference space (other than a room), we will work with you to select the best option for you and attendees. These events may also be partially sponsored or shared sponsorships between multiple companies.*

*** Sponsorship fund sponsorships will go towards providing financial assistance to attendees who may need it to make their conference participation possible.*
